For Educators & Students

Pre-Event Questions to Consider

- What is an investment? What types of investments can I make?
- What are considered risky investments? What are considered safe investments?
- When can I start investing? What are some tools I can use to invest?

Post-Event Questions to Consider

- What investments are you currently considering? Are they considered risky (Why/Why Not) - Safe (Why/Why Not)?
- After hearing the professionals speak, what advice would you have for others considering investing?
- Given the strategies shared during the event, which one do you think you might follow and why?
- If you were given some cash to invest, what would you invest in, why and what would you do to ensure a return?
