

## **Skilled-Nursing Facilities: Care for All Ages**

*CNAs - a springboard into healthcare careers. Take a look inside skilled-nursing facilities and the services they provide.*

### **Event Date & Time:**

Tuesday, November 2nd, 2021

10:00 AM - 10:45 AM

### **Event Components:**

This live event includes a panel discussion featuring skilled-nursing facility providers with a focus on Certified Nursing Assistants. Topics featured include the educational and licensing requirements, daily tasks a CNA may complete, and how a CNA can further their career in healthcare.

### **Service Area:**

Health Sciences

### **Audience:**

Iowa Students

### **State Standards Covered:**

#### **Health Sciences:**

- *4.3.1 Discuss levels of education, credentialing requirements, and employment trends in Healthcare.*
- *9.2.1 Discuss impact of physical, mental, social and behavioural development across the lifespan on healthcare.*

### **For Educators & Students:**

#### **Pre-Event Questions to Consider**

- What is a CNA?
- What care does a CNA provide? Can a CNA provide the same care as a nurse?
- What is a skilled care or nursing care facility?
- What facilities hire CNA's?
- How old do you have to be in order to become a CNA?
- What type of education does one need to become a CNA?
- Is there a test component to becoming a CNA?

#### **Post-Event Questions to Consider**

- I am interested in becoming a CNA. What are my next steps?
- Where can I register to take a CNA class?
- Why do you think becoming a CNA is an important step for students interested in healthcare?
- What are the advantages of becoming a CNA?
